# BRAND GUIDELINES

# Primary Logo

---

The primary logo is the most recognizable expression of the Biomode identity. It should be used across all touchpoints to maintain consistency and strengthen brand recognition.

# Logo Structure

Built with balanced rounded forms and a soft heart accent, the Biomode logocommunicates comfort, care and approachability. Every element is intentionally designed to preserve clarity and friendliness.

# Submark Logo

---

The Biomode submark is a simplified expression of the primary logo, designed for applications where space is limited while maintaining instant brand recognition. It preserves the brand's rounded forms and signature heart accent, ensuring a consistent identity across digital and physical touchpoints.

# Brand Icon

---

The Biomode icon is the purest representation of the brand's personality. Formed by two soft, overlapping shapes, it symbolizes comfort, care, and the connection between parent and child. Its simple geometry allows it to scale effortlessly while remaining distinctive across every application.

# Before & After

---

From a generic identity to a distinctive brand expression.  
The redesigned logo brings together softness, clarity, and confidence creating a visual identity that reflects Biomode's purpose of delivering premium comfort for growing children.
